

WELCOME!

To meet the requests of many parents, we began offering a 5 day a week Pre-K program in August 2016. We added to our 3s and 4s Pre-K curriculum additional days in our Educare Program for our AM classes only. The additional days in the Educare Program consist of enhanced activities building on what the children are learning in their respective Pre-K classes. Our Programs with a brief description of each and tuition is listed below. Please check below for the class in which you want to enroll your youngster. For those of you who have not pre-registered, we welcome your enrollment and confirmation.

We are happy to announce that we have not increased our Pre-K fees for the 2018-19 school year.

Thank you for choosing *Snell's Pre-Kindergarten School* for your child.

Snell's welcomes visitors to our school! Snell's unique and century old movement and music component, incorporating fundamental skills, is integrated into our curriculum, which also includes foundational and meaningful activities for reading, math, science and art. Our 111 year old philosophy is the thread of Snell's unmatched approach to our child-centered programs.

Outdoors the fun continues with a spacious "outdoor-classroom" playground with a tree-house-trail play structure among our Oak trees, a dramatic play street and an elongated and undulating trike trail, along with many other outside activities for play and learning. Also, we have a separate library for which we have been awarded the San Joaquin A+ Literacy Award! If you have not already visited Snell's **please call the school (478-6161) to schedule your tour** of the classrooms and facility. (*During February and March we conduct our parent-teacher conferences so visiting schedule times are very limited.*)

As we begin our **112th school year** we celebrate with much gratitude the many decades of Snell's parents who have wanted a high-quality early childhood school program for their child! **Thank you** for your interest in enrolling your youngster at Snell's.
